

### **Sexual Abuse Scenario:**

Dave comes home with some flowers for his partner, Debbie. When they are on the sofa watching television, later, Dave tries to get sexual with Debbie by starting to kiss her neck and trying to touch her breasts. At first Debbie, laughs and pushes Dave away, saying "I'm trying to watch this you know?"

There is a brief pause before Dave comes on to Debbie again – this time her voice has changed and she is not laughing. She pushes him away again, saying "Dave. Seriously."

Dave becomes quiet for a while. He then starts trying to kiss Debbie once more, whispering "Come on it's been ages" as he does so. Debbie pushes him away once more saying "Dave – I said no."

Dave becomes annoyed. He moves back from Debbie, saying "I might as well get it somewhere else for all you care."

Dave then remains seated with his arms folded, sulking, and watching the television in silence. Debbie eventually decides to go upstairs to bed.

Dave continues watching television for about twenty minutes before going upstairs where Debbie has fallen asleep. He wakes her up and badgers her before she relents and they end up having sex.
