

Family Nurse Partnership

Understanding the Adolescent Brain and their Owners

Virtual Course

Target Audience: Staff from all agencies who are involved in work with young parents, children, and families.

Course aim

The adolescent brain learning package will review the evidence, refresh and revise knowledge about adolescent brain development and will offer delegates the opportunity to reflect on the implications of this for their practice.

Course Objectives:

- Define adolescence
- Refresh and revise together knowledge about the development of the adolescent brain
- Explore the positives and challenges of this
- Consider and explore the implications for practice
- Have an opportunity to make a personal/team plan for embedding learning into practice

Date	Time	
Thursday 20 th January 2022	9.30am – 1.30pm	Application form

Closing date for applications – Thursday 16th December 2021

Places are not guaranteed this will depend on the number of applications received and to ensure multi-agency representation.

Following the closing date for nominations, you will be contacted, and you will be informed if you have been successful in obtaining a place.

The training will be delivered via Microsoft Teams and you will receive an email with a link to the online session.

CHARGING POLICY

The SSCP is now charging agencies for staff who fail to attend virtual courses if we are not informed of cancellation at least 3 working days before the session. This includes participants who join the session late which may result in your attendance not being recorded. The charge for non-attendance or late arrival will be £30.
