

Baby's Brain Development, attachment patterns and breaking barriers to positive attachment

1/2 day Face to Face Course

Presented by: Family Nurse Partnership (FNP). Further information regarding FNP can be viewed [here](#)

Who should attend? Workers from the following professions, teams or agencies who are involved in work with young parents, children and families would find the course useful.

Course aim

The attachment learning package will refresh and revise knowledge about attachment and offers delegates an opportunity to reflect on and practice skills for supporting their clients to develop a secure attachment with their babies.

Course objectives

- Increase knowledge about attachment.
- Refresh and revise knowledge about attachment and how this informs practice.
- Share, explore and practise skills to support clients to develop a secure attachment with their babies.
- Have a personal/team plan for embedding learning into practice.

Date	Time	Closing date for nominations	
Thursday 17 th November 2022	9.30am – 1.30pm	Thursday 20 th October 2022	Application form

Places are not guaranteed this will depend on the number of applications received and to ensure multi-agency representation.

Confirmation that a place has been allocated and details of the venue will be forwarded to the nominee approximately 3 weeks before the course. You will be informed if the nominee does not attend.

The SSCP is now charging agencies for staff who fail to attend virtual courses if we are not informed of cancellation at least 3 working days before the session. This includes participants who join the session late which may result in your attendance not being recorded. The charge for non-attendance or late arrival will be £40.
