

# THE LOTUS HUB

The Lotus Hub is a coalition of specialist organisations, that provide an all-encompassing service of support and advocacy for ethnically minoritised women. Working across Greater Manchester we help those experiencing intersecting forms of gendered violence and oppression. Organisations within The Lotus Hub have pooled their collective expertise, specialism, and resources together to put the needs of the women first.

We offer a specialist helpline for both women (18+) and professionals. This is available Monday – Friday: 10 am – 3 pm.

Professionals can also refer women to The Lotus Hub, by completing our referral form. Please email us for a copy.

Safety4Sisters aims to address the exclusion of migrant women, particularly those with no recourse to public funds (NRPF), for the most basic rights of safety and protection.

NESTAC is a specialist provider of Female Genital Mutilation, Forced Marriage, Honour-Based Abuse and Domestic Servitude. NESTAC specifically works with Black and minoritised communities, particularly refugees and asylum seekers.

Olive Pathway is a Black survivor-led organisation working with Black and minoritized communities to combat Gender-Based Violence and Violence Against Women & Girls.

Saheli supports women from minoritised communities who are experiencing Domestic Abuse, Honour-Based Abuse, Forced Marriage, by providing specialist refuge accommodation, outreach support and group work.

Rochdale's Women's Welfare Association is a community organisation that supports ethnically minoritised women who are marginalised from accessing resources.
