

## SSCP Face to Face Training

### Multi-Agency Anti-Discriminatory Practice & Identity Cultural Consciousness Work with Children & Families

Learning from local and national reviews has highlighted that practitioners could do more to try to fully understand the impact of cultural identity on the daily lived experience of children. The SSCP has recently published the [Cultural Consciousness guidance](#) and has also developed a [7MB](#) to go alongside it.

**Target Audience:** Open to all agencies that work with Salford children, young people and families

#### Aims and Objectives:

1. To explore and challenge our perceptions and bias about people different to us
2. To consider how to work with protected groups in a culturally competent way
3. To look at individual people and think about their needs and how to speak to them and write about them.
4. To consider what someone's identity is and what that means to them.
5. To be more equipped to work in an anti-discriminatory way with children and families.
